## IEN-9000 (Ion Exchange Filter) - Estimated Capacity

- This table on estimated capacity of IER Filter (IEN-9000) is made from the request of H2O DIRECT LTD
- Estimated capacities were derived from the Bypass (purified water ratio that is not passing through IER) amount
- Estimated capacities were calculated from the converted amount for the removable amount of Ca, Mg, assuming 4.0 eq/L of weak acid cation exchange resin

※ This table is an estimated capacity of VH-IEN 6000 made from the request of H2O Direct Ltd.

※ Estimated capacities were derived from the bypass (purified water ratio that is not passing through IER) amount

※ Estimated capacities were calculated from the converted amount for the removable amount of Ca, Mg,

assuming 4.0 eq/L of weak acid cation exchange resin
